<p>Agency Specific of Other Issues or Concerns (Voting Members)</p> <p>USFS Region 4: *Visit with NMAC between High priority fires. * FS dilemma for the Tepee; most activity and most structures threatened and with the highest threat with Stage 1 / Stage 2 evacuation. Bobcat: need IHC but none are available. Rapid: some structures but not imamate. Cougar: Going well, tied in on the West side and going direct will not be appropriate due to snags in the area. **Very nervous to pull anything off of Tepee...</p> <p>BIA Western Region: No report</p> <p>Utah BLM: No report</p> <p>Idaho BLM: Most of the resources have come back but 6-7 engines will be put on blocks due to employees going back to school.</p> <p>Nevada BLM: Cold Springs going to T4 on Sunday. Hecht's team will be available. Putting together a rolling task force internal.</p> <p>Arizona BLM: No report</p> <p>State of Utah: Working on the structure order for Spokane.</p> <p>State of Idaho: SITPA – concerned about teams timing out and resources.</p> <p>State of Nevada: No report</p>	

<p>FWS: Nothing. Spoke with GMAC about crew movement. This is a solid plan/strategy so we can focus on the other fires for longer duration.</p> <p>NPS Pacific West Region: No report. Hoping the helicopter will be up this afternoon.</p> <p>NPS Intermountain Region:</p>
